## INAPPROPRIATELY CASUAL FOR A TEACHER

## LINER NOTES

Thank you so much for buying Volume 1 of Love's Reach.

Since these are liner notes, I thought I'd talk a little bit about the project. Is that okay with you?

...Then I'll get started. Hey, don't close the book!

Originally, I planned for Yuni to be a completely ordinary girl.

My idea was that an extremely average girl who doesn't stand out would fall in love with her popular teacher. Then I was like "Well, how about that?" and "What's going on with this part?" And before I knew it, she turned into a total weirdo.

In a fit of desperation, I went with a "despite appearances, she's actually..." style of drawing, and that's how things ended up.

It surprised me, but the result was that people embraced the character, so I'm really happy!

No, really, I'm glad. I get to continue to Volume 2.

Before this I was the type who did non-serialized stories, so I was constantly hyped up Toshihiko Seki-style, like "There are going to be climaxes from beginning to end!" But on the other hand, it was also a bit depressing to think that my story could end at any time. So it goes both ways.

When I'd get down in the dumps, my older brother would stick boogers on me. And then he'd leave like nothing happened. That's a true story.

Back to the topic at hand!

That's how hard I've been working, so I really hope you'll pick up the next volume as well! That would show real love.
